

**Remarks**

The disclosures in paragraphs [0067] and [0116] of the specification have been amended to correct inadvertent errors. The beginning of paragraph [0067] refers to crosslinking "co-agent", and the disclosure at the end of this paragraph has been amended to be consistent therewith. In paragraph [0116], the total weight of the mixture has been amended to be consistent with the weights of the individual components (180 g + 20 g).

The claims have been amended to avoid the use of multiple dependent claims, in order to reduce the filing fee, as a result of which new claims 13-20 have been added to the application. These new claims are the same as claims 3-9 and 12 except for their dependency.

Respectfully submitted,

Masumi TAKAMURA et al.
